Doctors Care Georgia provides concierge-style medical care, with a focus on geriatrics and direct primary care for older adults. Their model emphasizes personalized, patient-centered services, allowing for more time with patients and avoiding the constraints of traditional insurance-based practices. Through their membership-based approach, they offer same-day and next-day appointments, preventive care, chronic disease management, and coordination with specialists. Their practice particularly caters to the healthcare needs of adults 55 and older, providing services like dementia care, fall assessments, and comprehensive wellness plans
