The company, formerly known as KR Garuda was founded in 2006. The focus was primarily on meeting the needs of individual clients and helping them diversify their investment portfolios.

A decade later the company expanded and KR International Sdn. Bhd. was established, positioning itself as one of the premier capital management firms in the country by maintaining the highest standards of investment expertise as well as strict adherence to corporate governance. Our clientele also grew to include SMEs and Corporate clients.

In 2020, KR International Ltd was formed obtaining offshore status, expanding the business further and catering to international corporate firms and global clients.

Today we are known as KR Group Berhad, steadily growing our Asset Under Management and solidifying ourselves as a trusted partner to our growing client base and working together towards a common goal.
