Uplifted Medical Aesthetics was founded in Redondo Beach, Los Angeles, by our aesthetics expert, Hula Castellon, a certified nurse, and specialist in the most advanced non-surgical aesthetic procedures.

Our medical center specialists are always happy to discuss your concerns and goals, assess your needs, and create a personalized treatment plan. We offer concierge services for busy ladies and gentlemen in the comfort of their own homes.

The comfortable Uplifted office is a safe space where we come together to lift and support each other in achieving the look you've always dreamed of.
