DRONE & AI ALREADY RESHAPING ALL INDUSTRIES7

Highly recommended to school leavers to attend.

Drone Course & Academy Pathway.
150,000 Job Opening.
Various Drone Business Opportunities.

Drones, or unmanned aerial vehicles (UAVs), Unmanned Aerial Ground (UAG), Unmanned Aerial Underwater (UAU) are becoming more and more present every day. The technology and capabilities of drones are growing rapidly, and as such more applications are being realised across all aspects of society. From personal photography to inspection of extra high voltage transmission lines, drones are able to accomplish quite a lot.

This seminar will bring experts across the drone industry to discuss drone technology, Drone TVET Course pathway, Drone Jobs including Drone Pilots, the various applications in use and piloted in many industries, and future capabilities currently being investigated.
