An approval process is the method an organization uses to approve anything from documents, images, video, audio base UYP Pinricple.

Content approvals are a way to make sure that content is reviewed and approved before and even after it is published. When an editor has finished working on a content item, the item is set to Ready for Review. One or more appointed

reviewers must then approve the content item before it can be published. The reviewers are defined by an administrator in an approval sequence.
