Now we want to share our expertise with you to help you make your biggest dreams come true!

ELITE MENTORSHIP & COACHING TO HELP YOU ACHIEVE YOUR BIGGEST GOALS!

Here's what we'll be doing together

Welcome to a New Game

We start with an exciting Welcome Session where we'll get to know you and your fellow members on a deeper level. We'll discuss our commitments, expectations, and how the GAME CHANGER program will bring your vision to life!

You'll have the opportunity to meet our Coaches, which will be followed by a 1:1 Strategy Session to assure we know what's most important to you, and to make sure your goals and intentions are clear.

Monthly Live Interactive Training Sessions

Every month, I and Certified Coach Team will take you on a "deep-dive" into our most powerful life and business strategies and walk you through massive paradigm shifts to help you achieve game-changing results in every aspect of your life!

You won't just learn about these ideas - you'll TAKE GAME CHANGING ACTION on these ideas each month to accelerate your own personal transformation, as you make progress toward your goals.

Session 1

Be the Change, and Your World Changes too.

We are put here on this planet for a reason! You'll learn how to use your unique gifts and experience to make a positive impact on the people you love, the communities you serve and ultimately, the world at large so you wake up each day bursting with purpose!

Session 2

Raise Your Standards

To improve your life, you need to raise your standards! You'll discover exactly where in your life your standards and expectations are too low and get the support you need to set boundaries and show the world how you want and deserve to be treated. You'll put your learning into action right away by creating new routines and habits that will support your new set of standards.

Session 3

Clarify Your Desires

It's time to get totally clear about what you actually want your life (present and future) to look like and create a plan to make it happen – then bring your actions into greater alignment with your desires so you can experience a life you really love!

Session 4

Change Your Story, Change Your Life

Your self talk and the stories you tell yourself play a huge role in determining your reality! The good news is, with awareness comes choice – and realizing that your beliefs ARE a choice is the first step in replacing your negative beliefs with new, positive ones that support you moving forward to the future you desire.

Session 5

Game Changing Actions, Create Game Changing Results

Get out of “waiting land” and into action! The only way to get ready is to take ACTION and develop the skills and experience you need to BE ready. By taking risks and surviving them, not only will you get valuable insight into your next steps – you will gain the confidence you need to keep moving forward! Soon your only question will be, “Why did I wait so long?”

Session 6

Be the Change, and Your World Changes too.

We are put here on this planet for a reason! You’ll learn how to use your unique gifts and experience to make a positive impact on the people you love, the communities you serve and ultimately, the world at large so you wake up each day bursting with purpose!

Monthly Coaching Sessions with a Certified Coach

Every month, you'll meet with one of our top coaches for a powerful 2-hour session where you'll get the feedback, coaching and accelerated problem solving support you need to bring your specific vision to life.

These small group sessions are with a group of 5-6 like-minded people, who you are placed with for the duration of the program.

"Amazing! My coach helped pinpoint the solution or at least a next step so easily."
